In re Application of :
Kenneth Gainey, James Proctor, :
John Regnier, Jonathan Hughes, : DECISION ACCORDING STATUS
Stefan Haenggi and Michael Lynch : UNDER 37 CFR 1.47(a)
Application No. 10/601,180 :
Filed: June 20, 2003 :
Attorney Docket No. 2479.2176-001 :
Title: REPEATER FOR EXTENDING RANGE :
OF TIME DIVISION DUPLEX :
COMMUNICATION SYSTEM :

This is a decision on the "PETITION UNDER 37 C.F.R. § 1.47(a) AND TRANSMITTAL OF DECLARATION," filed April 5, 2004 (certificate of mailing April 1, 2004).

The petition is GRANTED.

The above-identified application was filed on June 20, 2003, without an executed oath or declaration and missing the statutory basic filing fee. Accordingly, on September 2, 2003, a "Notice to File Missing Parts of Nonprovisional Application" was mailed, requiring an executed oath or declaration, the filing fee and a surcharge for its late filing. In addition, the Notice required submission of replacement drawings in compliance with 37 CFR 1.84 and 37 CFR 1.121 is to avoid abandonment.

In response, rule 47 applicants filed the instant petition (and fee); the filing fee; the late surcharge; and a declaration executed by joint inventors Regnier, Haenggi and Lynch on behalf of themselves and on behalf of non-signing joint inventors Gainey, Proctor and Hughes. This response was made timely by an accompanying petition and fee for extension for response within the fifth month. Rule 47 applicants maintain that status under 37 CFR 1.47 is proper because joint inventors Gainey, Proctor and Hughes refuse to join in the application for patent.

On petition, patent attorney David Thibodeau, Jr. states that the application papers were presented to all of the inventors; however, by their conduct, in not returning executed declarations, inventors Gainey, Proctor and Hughes have refused to join in the application. The petition includes a statement of the last known address of each of the three non-signing inventors.

The declaration filed April 5, 2004, and the petition have been reviewed and found in compliance with 37 CFR 1.47(a).

This application is hereby accorded Rule 1.47(a) status.

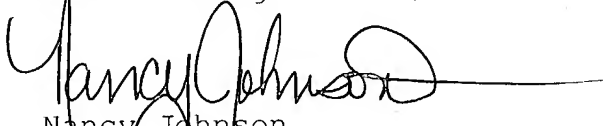

As provided in new Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

Receipt of the formal drawings filed April 5, 2004 is acknowledged.

Receipt of a second declaration filed May 3, 2004 and executed by inventor Lynch is also acknowledged.

The application will be examined in Technology Center 2681 in due course.

Telephone inquiries regarding this decision should be directed to the undersigned at (703) 305-0309.
